

PARTICLEBOARD

OBTAIN UP TO 5 LEED POINTS

Our Particleboard can potentially contribute to achieving Leadership in Energy & Environmental Design (LEED)

Category	Intent	Requirements	Credits and points	UNIBOARD Solution
MATERIALS AND RESOURCES MR 4.1	Increase the use of products that incorporate recycled content material.	Sum of recycled content constitutes at least 10% of materials in the project.	1 point	Our particleboard panels are EPP certified 100% recycled or recovered wood fiber.
MATERIALS AND RESOURCES MR 4.2	Increase the use of products that incorporate recycled content material.	Sum of recycled content constitutes at least 20% of materials in the project.	1 point in addition to MR 4.1	Our particleboard panels are EPP certified 100% recycled or recovered wood fiber.
MATERIALS AND RESOURCES MR 5.1	Increase the use of materials that are extracted and manufactured within the project region.	Use a min. of 20% of the combined value of construction materials and products manufactured within a 500 mile radius of the project.	1 point	Our particleboard panels are manufactured in Sayabec and Val d'Or, Canada and may contribute to points based on the proximity of the project.
MATERIALS AND RESOURCES MR 5.2	Increase the use of materials that are extracted and manufactured within the project region.	In addition to requirements of MR 5.1, use a min. of 10% of the combined value of construction materials and products extracted, harvested, or recovered, as well as manufactured within 500 miles of the project.	1 point	Our particleboard panels use wood fiber recovered near our manufacturing facilities in Canada and may contribute to points based on the proximity of the project.
MATERIALS AND RESOURCES MR 7	Encourage environmentally responsible forest management.	Use a minimum of 50% of wood-based materials and products, which are certified in accordance with the Forest Stewardship Council (FSC) Principles and Criteria, for wood building components. These components include, but are limited to, structural framing and general dimensional framing, flooring, sub-flooring, wood doors and finishes. Only include materials permanently installed in the project. Furniture may be included, providing it is included consistently in MR Credits 3-7	1 point	Our particleboard panels are FSC certified, chain-of-custody certification SW-COC-002726
